

29 January 2019

Dear Sir/ Madam,

A C Lloyd site at Station Approach, Leamington Spa

We are writing to inform you of the current stage of the project.

We will be installing the final tarmac surfacing to Sayer Close, (Phase 1), during week commencing 04 February 2019.

The four blocks to Phase 2 of the project, Blocks B, C, D and E are currently on programme with their completion date of December 2019. The scaffold has been dismantled to Block C and the external works are progressing.

Phase 3 of the project is progressing as programmed with the first handovers along Station Approach taking place in the Spring of 2019 with the remainder of Phase 3 being completed by July 2019.

Phase 4 of the project has commenced with this section of the works programmed for completion by the Spring of 2020.

Phase 5, A C Lloyd's private housing, comprising of 30 houses plus an apartment block is due to commence during April 2019.

The first operation of this phase will be the piling works. When we have a confirmed start date for the piling works we will inform you. As the previous phases we will monitor the noise and vibration from the works.

We will continue to endeavour to minimise any noise and dust from the project to reduce the impact of our works.

If at any time you have any issues regarding our works, please contact us.

The contact details for our site are:

Project Manager	David Pearson	07401 738847
